

# Visit Homes with a Difference

Visit two remarkable Kensington condominiums. For maximum energy efficiency, they use insulating concrete forms (ICF) and geothermal heating. See the interior design flexibility offered by using clear span concrete floors.

Talk to Builder Ron Aesie about his stunning Memorial Drive condominium, then visit Peter Mauro's project under construction a few blocks away.

Find out why Smart Builders are choosing the Advantage ICF System®.

**OPEN HOUSE**  
**Friday, May 26th**  
**3 to 6:30 pm**  
**1214 Memorial Drive N.W.**

Parking in City Parkade, Kensington Cres. (beside Molly Malone's).
