

At Plasti-Fab Ltd., we have been providing customers with innovative expanded polystyrene (EPS), production solutions for commercial, residential, and geotechnical engineered applications throughout North America for **50+ Years!**

We are currently seeking a **Lab Technician** to join our team in **Crossfield, AB**. In this position, you will provide materials testing and chemical analysis capability in support of the Technical Centre activities and maintenance of Standards Council of Canada accreditation to ISO/IEC 17025. You will maintain and operate lab equipment, prepare samples and calibration standards, enter data, generate test reports and conduct calibration checks.

Key Elements of the Role:

1. Operate and maintain equipment and facilities.
2. Participate on the Quality team in fulfilment of SCC accreditation to ISO/IEC 17025.
3. Assist Lab Manager with the management of the laboratory QMS (ISO/IEC 17025).
4. Calibrate and check calibration of equipment and measuring devices as required.
5. Test and evaluate company products.
6. Conduct materials testing (tensile, compressive, etc) of polystyrene foam products as per SCC scope of accreditation.
7. Conduct chemical testing of polystyrene using GC, HPLC, Karl Fischer Titration.
8. Maintain testing schedules.
9. Ensure traceability of samples, tests and results.
10. Report operations and results.
11. Maintain the integrity of the testing process.
12. Assist with other Technical Centre activities.
13. Order lab supplies and equipment.

Key Competencies, Experience & Abilities Required:

- College diploma in Chemical or Mechanical Technology (or similar) or BSc. in related discipline.
- 1-2 years' lab experience
- Experience operating lab equipment
- Proficient in Microsoft Office Suite
- Strong verbal and written communication skills
- Excellent attention to detail

What We Offer:

- A competitive salary, Employee profit sharing plan and RRSP program
- Comprehensive benefit package including extended health, dental & vision.
- Education reimbursement program.
- A great team of dedicated professionals!

Please submit your cover letter, resume and salary expectations in confidence to:
