PROVIDING GOODS AND SERVICES TO PEOPLE WITH DISABILITIES

PFB Corporation is committed to excellence in serving all customers including people with disabilities. Our accessible customer service policies are consistent with the principles of independence, dignity, integration and equality of opportunity for people with disabilities.

Assistive devices
People with disabilities may use their personal assistance devices when accessing our goods, services or facilities. In cases where the assistive device presents a significant and unavoidable health or safety concern or may not be permitted for other reasons, other measures will be used to ensure the person with a disability can access our goods, services or facilities.

We will ensure that our staff is trained and familiar with various assistive devices we have on site or that we provide that may be used by customers with disabilities while accessing our goods, services or facilities.

Communication
We will communicate with people with disabilities in ways that take into account their disability and we will work with the person with a disability to determine what method of communication works for them.

Service animals
We welcome people with disabilities and their service animals. Service animals are allowed on the parts of our premises that are open to the public.

When we cannot easily identify that an animal is a service animal, our staff may ask a person to provide documentation from a regulated health professional that confirms the person needs the service animal for reasons relating to their disability.

Support persons
A person with a disability who is accompanied by a support person will be allowed to have that person accompany them on our premises.
Notice of temporary disruption
In the event of a planned or unexpected disruption to services or facilities for customers with disabilities, the Company will notify customers promptly. This clearly posted notice will include information about the reason for the disruption, its anticipated length of time, and a description of alternative facilities or services, if available.
