

# Product Information Bulletin

BULLETIN NO.	<b>200</b>
ISSUED:	January 18, 2019
REPLACES:	December 7, 2018

## Product Information Bulletin Index

Page 1 of 9

PIB	Product Information Bulletin Subject	Last Issue
201	NRC Below Grade Research Project	April 8, 2011
202	Special Change NBC 1995	July 9, 2004
203	PlastiSpan® Insulation in Soil Applications	November 30, 2015
204	PlastiSpan EFS Insulation – Canadian Applications	March 10, 2017
205	PlastiSpan Insulation – Insulating Sheathing NBC 2005 and 2010 Requirements	July 22, 2014
206	PlastiSpan & PlastiSpan HD Insulating Sheathing 2012 OBC Installation Requirements	September 20, 2017
207	Recognition of CCMC Product Evaluations	January 23, 2004
208	ASTM C578 – PlastiSpan Insulation Material Properties	October 17, 2017
209	In-Situ Performance of EPS Insulation Below Grade	April 11, 2013
210	GeoDrain® Foundation Insulation Board	September 12, 2014
211	PlastiSpan Insulation - CAN/ULC-S701, Type 1 Material Properties	September 12, 2017
212	PlastiSpan HD Insulation - CAN/ULC-S701, Type 2 Material Properties	September 12, 2017
213	PlastiSpan 25 Insulation - CAN/ULC-S701, Type 3 Material Properties	September 12, 2017
214	PlastiSpan, PlastiSpan HD and PlastiSpan 25 Insulation Material Properties CAN/ULC-S701, Types 1, 2 and 3	September 12, 2017
215	GeoSpec Type EPS22 Material Properties	August 22, 2012

PIB	Product Information Bulletin Subject	Last Issue
216	07 21 00 Thermal Insulation – PlastiSpan Insulation	May 26, 2011
217	07 22 16 - Roof and Deck Insulation - PlastiSpan Insulation	December 9, 2015
218	GeoSpec Lightweight Fill Material Properties per ASTM D6817	March 30, 2017
219	Environmental Issues Related to Manufacture of EPS	March 16, 2006
220	Fluted Metal Roof Deck	August 24, 2012
221	PlastiSpan 30 Insulation Material Property Data	April 9, 2015
222	Advantage ICF System FAQ	August 19, 2015
223	GREENGUARD Certification Listing – Insulspan SIP System	August 14, 2015
224	PlastiSpan Insulation for Ice Rink Applications	April 24, 2006
225	Bridge Girder Void Forms (BW Photos)	January 23, 2004
226	NRCan EnerGuide Rating System	February 11, 2004
227	Built Green Alberta	February 11, 2004
228	PlastiSpan M-24 Insulation Board	June 30, 2011
229	PlastiSpan 20 Insulation Material Property Data	August 24, 2012
230	Slope Stabilization Using GeoSpec Lightweight Fill Material	July 27, 2011
231	Canadian Certification Listings for Plasti-Fab Insulation	February 22, 2018
232	DuroFoam Insulation – NBC 2005 Insulating Sheathing Installation Requirements	February 1, 2016
233	Retaining Wall or Abutment Design Using GeoSpec Lightweight Fill Material	August 15, 2011
234	PlastiSpan Insulation Performance Properties	September 25, 2018
235	R-values and U-factors for Insulspan SIP System	April 17, 2015
236	EnerSpan® 30 Insulation Board	November 1, 2017
237	US Product Certification Listings for Plasti-Fab Insulation	July 18, 2017
238	Superseal Dampproofing Membrane	February 23, 2009
239	PlastiSpan Insulation as a Roof Assembly Component	April 17, 2005
240	PlastiSpan and DuroFoam Insulation – LEED Point Distribution	February 28, 2014

PIB	Product Information Bulletin Subject	Last Issue
241	NBC 2010 - Long-Term Thermal Resistance (LTTR) of Foam Plastic Insulation	February 22, 2018
242	GeoDrain Foundation Insulation Board	June 10, 2005
243	Measures to Control Pest Infestation	July 14, 2005
244	Insulspan SIP System LEED for New Construction	May 28, 2012
245	Advantage ICF System LEED for New Construction	May 28, 2012
246	Plasti-Fab GeoSpec EPS24 Lightweight Fill Material Properties	February 13, 2015
247	DuroSpan Insulation – ASTM C578, Type I Material Properties	August 22, 2017
248	PlastiSpan 40 Insulation Material Property Data	July 18, 2017
249	DuroFoam Insulation for Basement Applications	April 19, 2015
250	DuroFoam Insulation as Exterior Insulating Sheathing – 2012 OBC	March 12, 2018
251	DuroFoam Plus Insulation Used In Radiant Floor Heating Systems	March 31, 2017
252	ASTM C578 versus CAN/ULC-S701 EPS Material Properties	October 17, 2017
253	Facts About Thermal Resistance of Reflective Insulation	December 8, 2016
254	PlastiSpan Insulation and Metal Roof Deck Assemblies	February 8, 2006
255	Advantage ICF System – NBC 2010 Energy Efficiency Requirements	June 22, 2017
256	Insulspan SIP System – NBC 2010 Effective Thermal Resistance	August 19, 2015
257	EnerSpan 20 Insulation Board	November 1, 2017
258	Advantage ICF System - NBC 2010 Prescriptive Requirements	September 12, 2014
259	Advantage ICF System – 2012 OBC Prescriptive Requirements	September 12, 2014
260	Advantage ICF System LIMITED WARRANTY	May 4, 2007

PIB	Product Information Bulletin Subject	Last Issue
261	Advantage ICF System - OBC 2006 Thermal Design Requirements for Residential Buildings	December 31, 2007
262	Insulspan® SIP System - 2006 OBC Thermal Design Requirements for Residential Buildings	October 7, 2007
263	Units and Conversions	November 16, 2009
264	Canadian Building Code Requirements for EPS Insulation	May 13, 2016
265	PlastiSpan HD EFS Insulation – Canadian Applications	March 18, 2016
266	GREENGUARD Certification Listings for Plasti-Fab EPS Insulation	January 10, 2019
267	CCMC Evaluation Listing 12424-L - Plasti-Fab CAN/ULC-S701, Type 1 Products	March 30, 2017
268	EPS Insulation R-value Retention Outperforms XPS Insulation after 15 Year Below-Grade Service	May 10, 2012
269	PlastiSpan Insulation – ICC-ES Evaluation Report ESR-1587	April 1, 2017
270	Flame Retardant in Plasti-Fab EPS Products	June 6, 2017
271	PlastiSpan RG Board	May 19, 2009
272	PlastiSpan Insulation – Exterior Foundation Application	May 19, 2011
273	Plasti-Fab DuroFloat® Flotation Billets - Design and Application	May 8, 2013
274	PlastiSpan M-Drainage Insulation Board	January 12, 2012
275	NBC 2010 - DuroFoam Insulation for Interior Basement Applications	December 1, 2015
276	NBC 2010 - PlastiSpan HD Hydronic Insulation for Radiant Floor Heating Systems	October 14, 2016
277	GeoVoid and GeoSpan Compressible Fill Material Design Requirements for Soil Movement	March 6, 2018
278	NTP Listing of Styrene and Plasti-Fab Products	September 30, 2011
279	Plasti-Fab EPS Product Solutions - 2012 OBC, MMA SB-12	January 20, 2017
280	PlastiSpan RN Insulation - Exterior Insulating Sheathing	April 19, 2015

PIB	Product Information Bulletin Subject	Last Issue
281	DuroFoam insulation for Insulating Sheathing Material - NBC 2010	July 19, 2017
282	PlastiSpan Insulation for Exterior Insulating Sheathing - NBC 2010	April 20, 2015
283	PlastiSpan EFS Insulation – US Requirements	March 10, 2017
284	NBC 2010 - PlastiSpan Insulation for Interior Basement Applications	December 1, 2015
285	PlastiSpan Insulation and XPS Insulation CAN/ULC-S701.1:2017 Types & Material Properties	January 18, 2019
286	PlastiSpan HD Insulation for Interior Basement Applications	April 20, 2015
287	PlastiSpan HD Insulation Use as Insulating Sheathing – NBC 2010	April 20, 2015
288	A Measure of Confidence in Polyisocyanurate Insulation LTTR	August 28, 2013
289	Plasti-Fab EPS Product Solutions for ASHRAE 90.1 Requirements	April 22, 2016
290	Plasti-Fab EPS Product Solutions - 2012 OBC, MMA SB-10	March 31, 2017
291	Plasti-Fab EPS Product Solutions - 2012 IECC Requirements	April 22, 2016
292	PlastiSpan Insulation Use as Insulating Sheathing – 2012 OBC	March 30, 2017
293	EnerSpan® M-24 Insulation Board	November 1, 2017
294	Radon Guard Insulation - Sub-Slab Depressurization Panel	December 7, 2018
295	CCMC Evaluation Listing 12425-L - Plasti-Fab CAN/ULC-S701, Type 2 Products	March 30, 2017
296	CCMC Evaluation Listing 12426-L - Plasti-Fab CAN/ULC-S701, Type 3 Products	March 30, 2017
297	Drying Potential of EPS & XPS Insulation Exposed to Environmental Cycling	April 15, 2015
298	DuroFoam Insulation for Roof Insulation Applications	December 9, 2014
299	Declaration of RoHS Compliance for Plasti-Fab EPS Products	December 17, 2014
300	Radon Guard Insulation Specified Load Data	October 26, 2018

PIB	Product Information Bulletin Subject	Last Issue
301	Radon Guard Insulation CCMC 13698-R	October 26, 2018
302	EnerSpan Insulation Material Properties for ASTM C578 Types	March 12, 2018
303	XPS Insulation In-Situ Water Absorption	April 18, 2015
304	EnerSpan Insulation Material Properties for CAN/ULC-S701 Types	November 1, 2017
305	ASTM C578 PlastiSpan Insulation for High Compressive Load Applications	May 19, 2017
306	Safety Data Sheet (SDS) Plasti-Fab EPS Products for Construction Applications	December 6, 2018
307	PlastiSpan HD Insulation Use as Insulating Sheathing – 2012 Ontario Building Code	March 30, 2017
308	ENERGREEN Insulation Material Properties ASTM C578 Product Types	February 14, 2017
309	PlastiSpan Insulation and XPS Insulation ASTM C578 Types & Material Properties	January 18, 2019
310	Precast Concrete Insulated Wall Panels	October 4, 2016
311	PlastiSpan 60 Insulation Material Properties – CAN/ULC-S701	May 25, 2017
312	EnerSpan and DuroSpan GPS Insulation - Intertek Code Compliance Research Report No. CCRR-1033	April 8, 2018
313	Plasti-Fab EPS Void Material for Structural Concrete Elements	May 9, 2016
314	ASTM Long-Term Thermal Resistance (LTTR) of Foam Plastic Insulation	August 25, 2017
315	2012 BCBC - PlastiSpan HD Insulation for Heated Basement Floors	December 9, 2015
316	2012 BCBC - PlastiSpan HD Insulation for Exterior Basement Walls	July 19, 2017
317	2012 BCBC - PlastiSpan Insulation for Interior Basement Applications	December 9, 2015
318	Vancouver Building Code Bylaw No 11687 - PlastiSpan and PlastiSpan HD Insulation Options	June 21, 2017
319	FM Approved Roof Assemblies	December 9, 2015
320	NBC 2010 - PlastiSpan HD Insulation for Exterior Basement Walls	January 21, 2016

PIB	Product Information Bulletin Subject	Last Issue
321	PlastiSpan Insulation – ASTM C578, Type I Material Properties	December 22, 2015
322	PlastiSpan HD Insulation – ASTM C578, Type II Material Properties	December 22, 2015
323	PlastiSpan 25 Insulation – ASTM C578, Type IX Material Properties	December 22, 2015
324	PlastiSpan 40 Insulation – ASTM C578, Type XIV Material Properties	December 22, 2015
325	ENERGREEN Insulation – ASTM C578, Type I Material Properties	January 5, 2016
326	ENERGREEN HD Insulation – ASTM C578, Type XIV Material Properties	January 5, 2016
327	ENERGREEN 25 Insulation – ASTM C578, Type IX Material Properties	January 5, 2016
328	ENERGREEN 40 Insulation – ASTM C578, Type XIV Material Properties	January 5, 2016
329	2012 BCBC - PlastiSpan HD Insulation for Interior Basement Applications	February 18, 2016
330	2012 BCBC - Plasti-Fab EPS Product Solutions	July 19, 2017
331	2014 ABC - Plasti-Fab EPS Product Solutions	July 19, 2017
332	NBC 2010 - Saskatchewan Plasti-Fab EPS Product Solutions	May 5, 2017
333	NBC 2010 - Manitoba Plasti-Fab EPS Product Solutions	May 5, 2017
334	Quebec Construction Code (Amended NBC 2010) - Plasti-Fab EPS Product Solutions	April 7, 2017
335	PlastiSpan XI Insulation - ASTM C578, Type XI Material Properties	April 22, 2016
336	NECB 2011 - Plasti-Fab EPS Product Solutions	March 30, 2017
337	2012 BCBC - PlastiSpan Insulation Used as Insulating Sheathing	July 19, 2017
338	2012 BCBC - DuroFoam Insulation Used as Insulating Sheathing	February 22, 2018
339	PlastiSpan Insulation for High Compressive Load Applications	May 19, 2017
340	2014 ABC - PlastiSpan HD Insulation for Exterior Basement Walls	July 19, 2017

PIB	Product Information Bulletin Subject	Last Issue
341	2014 ABC - PlastiSpan HD Insulation for Heated Basement Floors	September 28, 2016
342	PlastiSpan 60 Insulation – ASTM C578, Type XV Material Properties	May 25, 2017
343	DuroFoam Insulation - CAN/ULC-S701, Type 1 Material Properties	December 8, 2016
344	DuroFoam Plus Insulation - CAN/ULC-S701, Type 2 Material Properties	December 20, 2016
345	Manitoba Energy Code for Buildings (MECB)	April 25, 2017
346	Plasti-Fab EPS Product Solutions - Intertek Code Compliance Research Report No. CCRR-1072	April 8, 2018
347	ENERGREEN Insulation Material Properties CAN/ULC-S701 Product Types	July 18, 2017
348	EnerSpan EFS Insulation – Canadian Applications	October 18, 2017
349	EnerSpan EFS Insulation – USA Applications	November 1, 2017
350	EPS Insulation for Direct to Deck Roof Applications per 2012 IBC	April 19, 2017
351	Vancouver Building Code Bylaw No 11687 - EnerSpan and EnerSpan HD Insulation Options	June 21, 2017
352	Plasti-Fab EPS Insulation Options for Heated Slab on Ground per 2012 OBC	June 21, 2017
353	Canadian Certification Listings for EnerSpan and DuroSpan GPS Insulation	February 22, 2018
354	DuroSpan GPS Insulation - CAN/ULC-S701, Type 1 Material Property Data	July 19, 2017
355	US Product Certification Listings for EnerSpan Insulation	July 18, 2017
356	2014 ABC - PlastiSpan Insulation Used as Insulating Sheathing	July 19, 2017
357	2014 ABC - DuroFoam Insulation Used as Insulating Sheathing	July 19, 2017
358	Radon Guard Insulation - Installation Instructions	August 22, 2017
359	EnerSpan EFS Insulation - Recommendations for Handling, Storage and Installation	October 18, 2017
360	EnerSpan Insulation and XPS Insulation CAN/ULC-S701.1:2017 Types & Material Properties	January 18, 2019
